## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have an item of news, please call up THE LEDGER, Telephone 33, and send it in.

## An Honest Medicine for La Grippe.

George W. Waitt of South Gardner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one 50-cent bottle and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by J. Jas. Wood & Son, Druggists.

## THE STORY TOLD ANEW.

In the dust and down the lane  
Two walked hand in hand together;  
Blew the wind and fell the rain,  
Little heeded they the weather.  
Cold, raw winds might storm about  
Warm within mocked cold without.

Had the road been paved with gold  
They had never seen a shimmer;  
Had the stars left heaven's high fold,  
Night to them had grown no dimmer.  
Earth, unto its widest hem,  
Consisted of four feet to them.

What said he to make her start,  
Flush and glow with sudden pleasure?  
What could cause the woman's heart  
Then to beat a faster measure?  
Why did eyelids, prone to rise,  
Hide the light of glowing eyes?

'Twas the story told anew,  
Old, yet never antiquated;  
Just the same words—just a few,  
Just the case so often stated—  
Just the same in every wise  
As once was told in Paradise.

Representative Gaines of Texas has introduced a bill to repeal the law which prevents an ex-Confederate soldier from sitting on a Federal Grand Jury or Petit Jury. The main entrance to the Grand Opera-house, Cincinnati, is on Vine street; the gallery entrance is on Longworth street. There isn't a first class theater or opera-house in the United States where the auditorium, balcony and gallery patrons enter and leave by the same door. This was a fault of the old house in this city; and if a fire had occurred, nearly all the balcony and gallery people would have been burned to death in the building. The new house avoids this danger.

## TURNPIKES PARDONED.

Governor Bradley Doesn't Believe in Further Robbing the State.

Governor Bradley has pardoned before trial the Maysville and Mt. Sterling, the Mason and Bracken and the Maysville and Lexington Turnpike Companies, indicted in the Mason Circuit Court for failure to report the financial condition of the companies to the Mason County Court last year within the time prescribed by law.

The following reasons are given by the Governor for the action taken:

"These indictments will result in fines, one-half of which will be paid by the state, and the state will derive no benefit. Mr. Baldwin has already been robbed of a fortune by turnpike raiders and their sympathizers, and the state has lost as much. Owing to the uncertain condition of values and incomes it appears that a report could not have been made."

Another  
Deluge  
of  
Clothing.

My fire sale of Clothing, Hats, Shoes, Shirts, &c., has done so well, not only for the people who bought the goods at less than half value, but also for me, enabling me to sell much more Clothing than is usually sold at this season, that I have, figuratively speaking, turned the hose on several thousand dollars worth of our very best goods and send them to my Sutton Street Store to be sold at same prices as the stock damaged in the late fire. The chief reason for this is that I need the room in our Second Street Store for our immense spring purchase which is beginning to arrive. Another reason is that whenever we are able to do our customers good we want them to take advantage of it. Our fall trade has been so satisfactory that what goods we carry over we are willing to sell without considering the cost. We want to make a clean sweep of our heavy-weights. It is for you to decide to take advantage of this closing-out sale or not. It certainly will cost you nothing to see what we offer you and at what price.
